

Make your own cider

Unleash your passion for cider and create your own juice.

Make your own cider

At our Petritegi cider house **we'll show you how to make your own cider**. You'll start in the orchard, collecting apples with the *kizkia* and bringing them back in sacks to the press area, where you will make our own apple juice by manually crushing and pressing the apples before tasting the results of your efforts.

As a gift, you will take away a bottle of freshly pressed apple juice.

Programme:

Welcome. Screening of a video on the cider making process.

Apple collecting. Collecting apples using the *kizkia* (stick with a hook on the end) and a basket.

From the orchard to the presses. Transporting the apples in sacks to the presses.

Cider making. Manual cider making.

Juice tasting. Tasting of freshly-made juice.

Gift bottle of juice. We will bottle the juice you make so that you can take it away with you, together with a special pouring cork.

Cider house menu. Cider house menu for adults and a special menu for children.
